WRANGLING

About the Police Appointments Made by the Mayor.

The Police Committee Was in Session Three Hours and a Half Last Saturday Night.

There will be an exciting time at the meeting of the city council tonight on account of the stand Mayor Smiley has taken in the annual appointment of police.

As was stated in the TIMES-DEMOCRAT several days ago, the mayor refused to re-appoint Patton, Phalen and Jackson, and for that reason the appointments made by him last Monday night were referred to the police committee.

Messrs. McVey, Standish, Harley and Metheny, who constitute the police committee, met at 7:15 o'clock Saturday night and held a long session, it being almost 11 o'clock when they finally adjourned, after a majority of the members had decided upon and signed a report to be submitted to the council tonight.

Mr. McVey stated to the committee that he had called upon the mayor Saturday morning and had asked him to either re-appoint Patton and Phalen or appoint new men, members of the same religious denomination, to succeed them. The mayor, however, Mr. McVey says, very pointedly refused to either reappoint Patton and Phalen or to appoint any Catholics.

Mr. McVey argued with the other members of the police committee that in order to satisfy the colored citizens, the mayor had appointed C. O. Vena to succeed Jackson, and that he thought the citizens of the nation, who are in the majority, would not object to what appointments they thought best to reject.

Mr. McVey said that the new men—Furry, Watts and Vena—were appointed to take the places of three of the best policemen on the force, and that some of the policemen who were incompetent had been re-appointed.

A report, recommending the confirmation of the appointment of Haller, Wingate, Roney, Baker, Crox, Lehman, Furry, Watts and Vena, was finally made out and signed by a majority of the members of the committee.

This evening Mr. McVey will endeavor to have added to the report of the committee a request for the mayor to either reappoint Patton and Phalen or to appoint new men, members of the same nationality.

Some of the councilmen remarked today that they would vote to reject every appointment made by the

mayor unless Patton and Phalen were reappointed.

According to the police ordinance now in effect, patrolman Tinkham is the only regular police officer who can legally be assigned to duty, and if all the mayor's appointments are rejected by the council tonight, the city will be without a police force.

Patton and Phalen reported for duty as usual this morning, but were not permitted to go to work, and patrolmen Tinkham and Blair were assigned to the beats they had been patrolling.

POLICE CALLED OUT

To Prevent the Cutting of More of the Lima Company's Wire.

Saturday afternoon the police prevented what would doubtless result in serious trouble between the employees of the Central Union and Lima telephone companies by their timely arrival at the scene of the disturbance. The police were called out by the company in the west part of the city, an account of which appeared in the TIMES-DEMOCRAT Saturday.

Seven of the new company's wires were cut by the employees of the Central Union company, who were also about to cut twenty or more at Donald street. The police succeeded in preventing a clash between the men and the new company raised the wires which had caused the trouble.

REV. DAVIES

Resigns as Pastor of the Congregational Church.

His Action Caused by Ill Health—The Announcement Made to His Congregation Yesterday.

Rev. J. Francis Davies, founder of the First Congregational church of this city, has resigned his charge and will leave Lima.

This, "no resign," was the announcement made by that eloquent divine, at the opening of the services at his church yesterday morning, and while his resignation was not entirely unexpected to the members of his flock, it was received with universal sorrow and profound regret.

Rev. Davies is dearly beloved by his flock. He is the founder of the church, the organization of which dates back nearly ten years, when services were held in the assembly room of the court house. The membership was small at first, but soon outgrew the assembly room, and the lot on south Elizabeth street upon which the church now stands was purchased.

Through Rev. Davies' untiring effort, assisted by his devoted followers, the present handsome brick edifice was completed and dedicated about two years ago. He has sacrificed his health in the building up of his church until the time has come when a change in climate is an absolute necessity.

His affliction is throat trouble and Rev. Davies would not consent to sever his connections here until after he had been examined by the best specialists in the country, all of whom agreed that the only benefit he could derive was through a change in climate and the South City, 2,600; Denver, 1,100; Dodge City, 1,200; Pierre, 3,140 and North Platte, 74 inches. UP THE FLUE.

The Canton Base Ball Club Has Disbanded.

The Team Has Been on the Ragged Edge and Could Not Play Sunday Ball.

The Canton team has dropped out of the Inter-State League, the obsequies being held over the remains in the Canton police court yesterday.

The team has been on the ragged edge for some time. Sunday ball was discontinued because the Law and Order promised to support the game. The receipts on Saturday amounted to \$27, and Globe Brothers, the managers, are away in the hole. They attempted Sunday ball with Kention, and after two balls had been called an officer from the mayor's court arrested the players. It was pre-arranged in order to keep them out of the hands of the Law and Order people, who would have soaked them heavily for breaking faith.

The receipts were about \$100, but when Manager Davis, of the Kention club, went to the box office for his guarantee, the money was not there. The Kention team was called off the field in the middle of the second inning, with the score 6 to 0 in Canton's favor. Manager Davis would not allow his men to play and the Gobles would not loosen, as they held the money with which to pay fines. No effort was made to refund the money to the people, and there was a small riot during which the Gobles escaped with the money. In Mayor Rice's court the Gobles paid the fines and costs for all, amounting to \$65, and the club disbanded. Second baseman Wagner, catcher Smith and pitcher Barrett go to Warren, Pa. Delaney goes to Bedford, Mass., under a previous contract. The others have not signed and Lima has made an offer to Pitcher Carrick.

NOTES.

Pitcher Schlorf, of the Lima team, has gone to his home in Toledo, sick.

Kid Lentz, of Lagoda, Ind., a pitcher, has been signed by Lima.

Columbus plays here Thursday, Friday and Saturday, and next week Findlay, on Monday, Tuesday and Wednesday.
